Subject: Approval of Products' usage

Dear Sir,

It gives us pleasure to inform you that your products named Dry powder Remediact, HC-SERIES and the Liquid Remediact as they are all remediation formula and organic content. Therefore the product is clear to be used safely and no need for any laboratory analysis.

Accordingly, MEMAC has issued this statement to confirm its approval for the safe use as bioremediation products in the ROPME Region.

Yours faithfully,

Captain A. M. Al-Janahi
Director
